## COMMUNITY WORKSHOP/PRESENTATION HIGHLIGHT

The California Highway Patrol Santa Fe Springs Area provides numerous workshops/presentations available to our local community. *This portion of the discussion will highlight one of the many programs available.*

### ***Impact Teen Drivers***

Impact Teen Drivers (ITD) is a non-profit program focused on saving teen lives through education. The program is designed for attendance by teens with their parents. ITD provides education on the causes of collisions among teen drivers with a strong focus on distractions and risky driving behaviors behind the wheel as well as an explanation of the Graduated Driver License (GDL) requirements.

Included in the presentation are affected family members who have lost a loved one in a teen involved collision. Their stories not only share a tragedy in a way that is emotionally impactful, they also bring home the message of how easy these tragedies are to avoid simply by removing distractions, driving responsibly, and following the GDL restrictions.
