### ***Child Safety Car Seat Program***

Buckling up is the single most effective thing you can do to protect yourself and your passengers in a crash. It is extremely important to make sure all children riding in your car be properly secured before every trip.

Thousands of children are injured or killed every year because their child passenger safety seats are not installed properly. Remember, most collisions occur within a mile of the home – so buckle your child in a safety seat for every trip, no matter how short.

If you're not confident of how to properly secure your child in a safety seat, contact the CHP Santa Fe Springs Area to schedule your Car Seat Appointment or email us directly at [550carseats@chp.ca.gov](mailto:550carseats@chp.ca.gov)
