Past Events:

Fourth of July parade was a success, there was a lot of participation and informational booths.

Community Concerns:

These are concerns expressed via social media, Email sent directly to me or verbally expressed:

Fireworks

Ow many citations/fines were issues. The community feels this has to be enforced. Persons that break the law need to know that there are consequences for breaking the law,

Neighborhood Watch—Neighbors that did not attend the Neighborhood Watch Summit would like a soft copy of the presentation and also asking if there will be another presentation. I will contact Deputy Ruano.

Clean Air Coaliton (CAC) is still working concerns the communities of Hacienda Heights, Avocado Heights, La Puente have with the proposed increase in production by Quemetco. Currently, all our elected officials have been made aware of the community concerns relating to health issues. All have expressed that they are not in support of Quemetco increasing production. More information will be presented next month.

Newsletter-if someone wants an electronic copy. They can provide me with their email address.

This coming month I plan to continue contacting the different community organizations, groups, churches, schools etc. to develop a partnership between them and HHIA. The goal is to assist in promoting events beneficial to our community.

If you have any questions, would like to provide suggestions, please contact me at:

Email: sajest3@me.com phone: (626) 494-0319

Respectfully,
