OPEN HOUSE!

For many years, Hacienda Heights residents drove outside of the community to personally speak with Supervisor's Hahn Field Deputies. They won't be doing that anymore! On Friday, May 31, 2019, Supervisor Janice Hahn from the Fourth District opened a new Field Office for her Field Deputies, Lauren Yokomizo and Nick Holden at William Steinmetz Park! It is located at 1545 Stimson Avenue in Hacienda Heights. Doors opened at 10:00 A.M. for residents to peek at the new office and then were directed to the dance hall where a beautiful spread of refreshments were waiting to be consumed. This was a time for the Supervisor's constituents could stop by on their own timeline to celebrate the Open House. The supervisor made herself available all day, spoke with many residents and took time for photos. Having the two Field Deputies, Lauren and Nick, so close by is comforting to know they are accessible with a hop, skip and a jump. The Hsi Lai Temple offered sapphire orchids and I brought an assorted plant basket to welcome the new neighbors! The Open House concluded at 5:00 P.M. so if you missed the event, hop, skip and jump to the new office and say "Hello" to our Field Officers soon! Special thanks to our Supervisor, Janice Hahn, 4th District in making this office site possible!
