

Membership Report

March 2021

We currently have approximately 284 Members. 59 are annual members and the majority are Life Members. 54 Annual Members have not yet renewed and renewal notices are currently being mailed. As you know our fiscal and membership year is from July 1 to June 30.

The Membership Committee has recently met twice virtually to discuss ideas on how we can increase our Membership. We look forward to an exciting and productive year once we are back to normal and can meet in person.
