

HHIA Committee Report – Street & Hwy, August 2021

7th Avenue Community Improvements

Project Scope:

The primary objective of this project is to improve the aesthetics and deter graffiti of the walls on 7th Avenue from south of Gale Avenue to Palm Avenue. The project includes the following proposed work: - Parkway and median improvements - Installation of vines supported by a metal trellis with an irrigation system - Installation of streetlights - Installation of street trees

Project Benefits:

Improves quality of life for residents by beautifying the community.

Schedule:

Start of Construction – Feb 2022

End of Construction – May 2022

Dates subject to change
