

Subject: April 20, 2026, HHIA General Membership Meeting

Dear HHIA Members and Community,

This month's HHIA General Membership Meeting will be held at the Hacienda Heights Community Center at 1234 Valencia Ave., Hacienda Heights.

Date: April 20, 2026

Time: 7:00 pm

Room: Large Auditorium

This General Membership Meeting will include discussions on recent community activity and ongoing association matters. A key focus of the meeting will be the proposed Data Center and Battery Storage projects.

In addition, the Board of Directors will conduct a vote regarding the Battery Storage and Data Center proposal at Puente Hills Mall. This is a critical issue for our community, as the proposed facilities are located within residential areas of Hacienda Heights. Concerns include potential increases in water and electricity rates, lack of transparency in the planning process, inadequately prepared EIR/SIR reports, and serious safety risks, including potential fire hazards. These matters are of significant importance to the position and advocacy efforts of HHIA.

The meeting will also feature updates and information from the Industry Sheriff's Station and the California Highway Patrol. Representatives from Los Angeles County, as well as federal and state elected officials, will provide updates, along with other community news and general association business.

We strongly encourage all members to attend, support the association, and stand together in protecting our community.

Stay safe and take care. We look forward to your participation. Thank you.

David Fang
HHIA-President
